Job Title	Production Technician (Advanced)
Salary	From £25,000 per annum
Location	Blackpole Worcester

About Exsel Group

We specialise in the design, manufacturing and support of non-offensive products and services that protect people from the effect of blast, ballistic, cyber and operational threats. Our background is engineering and architectural industries. Our focus is on the application of technological solutions to security challenges. We are a progressive and forward-thinking group, who work collaboratively across our internationally based business sectors.

Job Purpose – Production Technician (Advanced)

Preparation and testing of electro-mechanical assemblies and cable assemblies.

Job Duties

- Soldering, wiring, crimping and electro-mechanical build of Exsel group products
- Fault finding and resolution of reported issues
- Product testing, using technical test equipment
- Monitoring of stock and components for the project
- Reporting daily on key issues that may affect quality, cost or delivery
- Provide mentoring skills and contribute to development of self and team
- Lead and motivate your project team to achieve all aspects in order to achieve targets
- To adhere to company procedures, including Health and Safety

Requirement/Experience/Competence/Qualifications

- Ability to read and build to technical drawings
- Flexibility to work with minimal design definition on prototypes
- Ability to identify build related issues
- Strong interpersonal and leadership skills
- Ability to organise and motivate a small team either onsite or offsite
- Flexibility to learn and acquire new skills
- High workmanship and attention to detail
- Experienced in soldering, wiring, crimping and electro-mechanical build
- Knowledge of technical fault-finding equipment
- Use of I equipment to test products
- Minimum 2 years general experience within Production Assembly.

General

- The job holder will have a current driving licence
- Willingness to work overtime and at other sites, UK and abroad on occasions
- Ability to work in the UK with no restrictions
- Must meet security vetting criteria

Summary

We have a superb, friendly working environment and culture. This is a fabulous opportunity for the right person to join a forward-thinking, well-established group at an exciting time.
